I. CPS Research Plan for the 1990s

Plan as of August 1991

- |                                |                                |          |
|--------------------------------|--------------------------------|----------|
| - State Supplement             | - State Supplement             | Canceled |
| - New Questionnaire            | - New Questionnaire            | On Time  |
| - Minority Coverage            | - Minority Coverage            | ???      |
| - CATI/CAPI                    | - CATI/CAPI                    | ???      |
| - Longitudinal Data            | - Longitudinal Data            | ???      |
| - Sample Design and Estimation | - Sample Design and Estimation | ???      |

II. New Questionnaire

- Esposito et al
- Rothgeb et al

Developmental Process

- Presidential Commissions
- Task Force
- Lab Work
- Task Force
- A, B, C
- Phase I Test
- D
- Phase II Test
- Task Force
- Decision
- CATI/CAPI Test
- Eighteen Month Overlap
- Production Use of New Questionnaire

Rothgeb et al

- CATI/CAPI Test Objectives?
- Threshold for Part-Time Work?
- Questions Re Earnings?
- Plan for the Overlap

Esposito et al

- Four Techniques
  - (i) Systematically coded interviewer-respondent exchanges
  - (ii) Respondent debriefings
  - (iii) Interviewer debriefings
  - (iv) Nonresponse and response-distribution analysis

- Other Techniques

Esposito et al

- Related Issues
  - (i) Respondent rule
  - (ii) Type of contact
  - (iii) Callbacks
  - (iv) Type and training of interviewer
  - (v) Length of time in sample
  - (vi) Question order
  - (vii) Introduction
  - (viii) Interviewer turnover
  - (ix) Coverage
  - (x) Differential effects by subgroups
